STRANGE STORY OF FALSE IMPERSONATION

Harness Maker Joe Cunningham of Louisville Obtains Money Due Former Madison Man.

Joe Cunningham, who makes horse collars at the Harbin & Gathright harness manufactory in Louisville, is in for a lot of trouble as a result of having impersonated Joe Cunningham, nephew of Mrs. Nannie McBroom, of this city, and who is vice president of the Kentucky Rock Asphalt Company, Louisville, and a former Madison man, authorities here say.

The deception which the harness maker, Joe Cunningham "put over" got him a check for \$1,037 when Master Commissioner R. B. Terrill, of the Madison circuit court, settled up the matter of George Wainscott vs. Nannie McBroom a few days ago. He spent some \$487 around Louisville paying debts, it is alleged, and then woke up to the fact that he was facing penitentiary sentence for perjury, obtaining money by false pretenses, using the mails to defraud, etc.

These charges are all ahead of him. Meanwhile Mr. Terrill and the Louisville bank which paid the check to the wrong Joe Cunningham are going to try to make him disgorge and make good what he has left of the money he wrongfully drew from the bank on Terrill's check.

The impersonation of Joe Cunningham, nephew of Mrs. McBroom, by the harness maker Joe Cunningham, has been going on for a period of about three years, Mr. Terrill says. In the settlement of property which the Court of Appeals said Mrs. McBroom held in remainder sale was made and a division arranged between Mrs. McBroom and her nephews, George Wainscott and Joe Cunningham. The property was the house on West Main street in which Mrs. McBroom makes her home. The sum of \$1,037 fell to Joe Cunningham as his share. It seems that lawyers representing Mrs. McBroom took up the matter of the settlement with Mr. Cunningham some time ago. But instead of the letters going to the right Joe Cunningham, they went to harness maker Joe Cunningham. He seemed puzzled and it is said, he wrote one letter, denying he had any money coming to him here. He received other letters, however, from the local lawyers, so began to answer them and even wrote to Mrs. McBroom, carrying on the correspondence until the final settlement was made for the house sold.

Then Attorney S. D. Parrish, of this city, who represents Mrs. McBroom, wrote to Joe Cunningham at Louisville that his share of the settlement was here ready for him. The letter went to harness maker Joe Cunningham, as usual, and he in turn wrote Commissioner Terrill to send on his share. He even sent an affidavit as to his identity, the commissioner says. Terrill forwarded him the check. Cunningham soon appeared at the Citizens Union Bank and Trust Company, with a fellow workman from the harness factory, who identified him and had the check cashed.

As stated above he paid off some debts and spent in all about \$487 of the money before he began to realize the sort of chance he was taking. He finally came to Richmond and telephoned to Mrs. McBroom. He made a complete breast of the affair, it is said, and she took him to Attorney Parrish. Mr. Parrish advised him, Commissioner Terrill says, that it was a matter between the two Joe Cunninghams and the bank, and that there was nothing Mrs. McBroom could do. So the "other" Joe Cunningham went back to Louisville.

After he had gone Commissioner Terrill learned that he had been here and immediately took up the matter with Harbin & Gathright, the bank and the "right" Joe Cunningham upon advice from his attorneys. There the matter rests at present. Cunningham is said to have about \$500 of the money still left in the Louisville bank and Park.

the bank and Mr. Cunningham and others are seeking to have him make full restitution of the money he wrongfully secured. Meanwhile the harness maker is facing a lot of trouble from both state and federal authorities as a result of his "practical joke" if it can be called such.

MASKED MEN BATTLE WITH OIL WORKERS

(By Associated Press)

Monroe, La., Nov. 29—A number of men were wounded and several are reported dying as a result of a battle between masked men and oil field workers near Smackover, Ark., last night according to a message received here. Before leaving for the scene with a posse, Deputy Sheriff Harper, of Camden, said all wires were cut in the Smackover section and he is without details of the engagement between 200 hooded vigilantes and oil field workers and gamblers. The sheriff understood the Ku Klux Klan participated and that the battle was preceded by a man being tarred and feathered.

PROHIBITION AGENTS TO DRIVE HARD

(By Associated Press)

Washington, Nov. 29—Attention of federal prohibition agents throughout the country was called officially to the necessity of cooperating closely with prohibition enforcement agencies with a view of curbing extensive violation of the statutes. Federal attorneys are instructed to push all pending Prohibition cases and suggest when most imposition of the heaviest penalties on conviction. Their attention is specially called to reports that some cereal beverage manufacturers are marketing a product illegal to be sold.

STILL FILIBUSTER ON LYNCHING BILL

(By Associated Press)

Washington, Nov. 29—Democrats today started the second day of their filibuster against the republicans sponsoring the anti-lynching bill. Immediately upon convening of senate, Senator Curtis suggested that the senate proceed with its business and then adjourn over Thanksgiving. Senator Underwood remarked "you might just as well adjourn now for there will be no business transacted this day in the United States Senate."

BUSINESS SHOWS GREATER ACTIVITY

Past 30 Days Marked by Increasing Confidence, Says Reserve Bank Report.

(By Associated Press)

St. Louis, Nov. 29—General business throughout the Eighth Federal Reserve District during the last 30 days has been marked by continued growth in confidence and activity, according to the monthly review made public today by William McC. Martin, chairman of the board and federal reserve agent. Buying has been on an impressive scale despite advancing prices with the aggregate volume the largest for this particular period since 1919, according to the report.

Some complaints were made of the backwardness in the movement of certain goods due to the unusually warm weather, but these were mainly for the retail branch of distribution and by no means the general rule, the report pointed out. Prices advances in the textile markets had the effect of arousing greater interest among merchants in future supplies and they are anticipating their requirements to a greater extent than heretofore, the review says.

"While buying is still on a very cautious and conservative basis," the review stated, "it was noted that there is more of a disposition to fill out and balance stocks, which is taken as an indication of broadening in the call for merchandise by ultimate consumers, also stronger faith in business prospects during the next few months. Rather generally among reporting manufacturing and distributing interests there is expressed dissatisfaction with the rising trend of commodity prices, especially of manufactured goods, which they seem to think it progressing more swiftly than fundamental conditions warrant.

"Apprehension is felt that if the upward movement proceeds much further it may result in a cessation of buying. This feature is pointed out as the chief menace existing at present to the continuance of business activity.

"In virtually all of the leading manufacturing lines, production during the past month showed gains over the preceding thirty days and the corresponding period a year ago. Among the lines in which increases were particularly marked were iron and steel, furniture, flax, boots and shoes, lumber and woodenware."

The report stated that "the one extremely favorable development in the district was the general rise in prices of farm products; with advances recorded in the entire list of cereals, with wheat and corn showing particularly good gains.

"This accretion in value has served to infuse considerable optimism in the agricultural sections and farmers are re-entering the markets and buying their requirements of staple merchandise. Implement makers and distributors report heavy increases and the same is true of stove interests and other producers of specialties largely consumed in the country. Another favorable effect of the upturn in prices of farm products has been broadened programs for next season's crops."

The most unfortunate feature in the business situation is the car shortage, according to the review, this tie up being blamed for hampering the operations of many major industries. The roads made a good record in the matter of loadings in spite of the shortage of cars, the report stated.

"Weather conditions generally through the district were favorable for the agricultural operations of all sorts, and farmers are well up with fall work. The recent rains served to improve pastures and were of considerable benefit to the growing crops. Winter wheat seeding which covered an unusually long period due to dry weather, has been completed and latest reports indicate that the plant is up to a good stand and is entering the cold weather in excellent condition. Acreages will be slightly larger than those planted

THE BEST DAY AND THE BEST BIRD

There are days that are jeweled with diamonds and pearls
Have a TURKEY to eat on THANKSGIVING!
When the sleigh-bells are merrily ringing
And others when the blossoms are white on the boughs
And the robins and red-birds are singing.

Still others when the glamour of sunshine and dew
And flowers make life worth the living
Three hundred and sixty-five days in the year,
But the best day of all is THANKSGIVING.

There are birds for the epicure's constant delight
The wild duck delicious of flavor.
The goose with a stuffing as good as her self
Conveying the savor.

The red-bird, the quail, the oriole rare
The pigeon so proud and so perky
Till he goes in a juicy delectable pie
But none can compare with the Turkey.

We learn how the white man came to this land
In history we read of the story
How the pilgrims gave Thanks to the Lord on a rock
And the Turkey was there in his glory.
Oh, long may his feathers in Liberty's Cap
Wave aloft and may everyone living
in the land of the Brave and the Home of the Free

NORMAL SCHOOL GETS DESIRABLE TRACT

Purchases Late John R. Gibson's Farm Adjoining Campus, at \$305.

Ample acreage to bring the Normal School agricultural work in proximity to the student body and easily accessible to the various activities of the great and growing institution, was secured by Eastern Kentucky State Normal School Wednesday morning when it purchased the splendid farm of the late John R. Gibson. The place adjoins Eastern Normal grounds on the southwest and contains 176 acres. It is ideally located for addition to the splendid grounds of Eastern Normal and will enhance greatly the value of the property.

It was only after spirited bidding that the Normal School secured this property. Dr. Moss Gibson, George Gentry, James R. McKinney and others were bidders for this desirable tract, lying right at the door of Richmond on the Lancaster pike. It was finally knocked down to the Normal school at \$305 an acre. Long Tom Chenault cried the price for Master Commissioner R. B. Terrill, who was winding up the estate of the late John R. Gibson, and he was at his best.

After the sale of the farm, about 100 barrels of corn were sold at \$4 a barrel, among the buyers being May Collins, W. B. Turley and others. Five hundred shocks of fodder sold at 35¢ a shock in the field to various buyers. The sale was considered a splendid one in every way, as was the sale of Mrs. Elton Gibson last week.

EASTERN WILL FACE UNION TURKEY DAY

The Eastern Normal football squad left Wednesday noon for Barboursville where they will meet the eleven from Union College Thanksgiving afternoon in their last contest of the season.

If the locals manage to capture this tilt, they will have a clear claim to the banner offered by the Eastern Kentucky Athletic Association which is composed of Cumberland College, Union College, Sue Bennett Memorial School and Eastern Normal. As no team was sent out by Sue Bennett and as the locals have already defeated Cumberland, a win over Union would leave Eastern undefeated in the association. This would be quite an honor to win the football banner the first time it has been offered. The Mounds a 48 point advantage over Union as Cumberland defeated them 42 to 0 the week before Eastern downed the Williamsburg boys by a score of 6 to 0. However, it is reported that Union has been strengthened to a great extent since the Cumberland encounter and is ready to give the Normal boys the battle of a life time.

Coach Hembree has limited the practice this week to two light workouts Monday and Tuesday afternoons. Spencer and Combs, linemen, are suffering from injuries sustained in the Georgetown game and may not be able to take the trip. It is thought that Hembree will depend much upon fullback Powell to gain against Union. He will probably be sent against the Union line a great deal and it will be hard to keep him from gaining. Practically the same team which started against Georgetown will oppose Union. Captain Stone is slated to start at quarter with Mohrly and Hurst holding down the halfback positions. The Normal boys are keyed up for this big battle as they always take special pride in downing Union.

No Paper Thursday

In accordance with its usual custom, there will be no issue of the Daily Register Thursday, Thanksgiving Day. The office will be open as usual until noon and any emergency printing can be done up to that hour, but the employees will have a half-holiday in the afternoon.

The banks and postoffice will be closed all day as usual and practically all of the business houses in town will be closed during the afternoon at least.

COURTS MAY PASS ON NORMAL TANGLE

Frankfort, Ky., Nov. 29—The Normal School situation is very likely to get into the courts in the opinion of State Superintendent George Colvin, if the Normal School Commission persists in usurping what he considers the functions of the State Board of Education in the control and management of the two new normal institutions.

"Of course, I cannot speak definitely at this moment," Superintendent Colvin said, "but in the event the commission insists upon selecting presidents and if it undertakes in an effort to commit the state to the projects by spending the money contributed locally for buildings, I do not see how litigation can be avoided."

Superintendent Colvin said he hoped to talk with Governor Morrow about the situation. Attorney General Charles L. Dawson, who was arguing a case in the Court of Appeals, said he hoped to have an opportunity to take up the subject with the Governor and State Superintendent.

SECOND DAY'S SALES AVERAGE \$33.36

The second day of the local independent tobacco market brought forth a higher average than on the opening day by \$1.50 per hundred, as the home house sold 40,000 pounds at an average of \$33.36 per hundred. One basket of 146 pounds reached the top price of \$56.00 per hundred. It was quoted in the Daily Register of Monday and also in several other state papers that the market averaged only \$25 on the opening sale. This was wrong and should have been \$31.86 per hundred for 85,000 pounds.

Due to the extreme dry weather sales will be light until season. Some sales made by the home house, Tuesday included.

G. Baker sold 145 pounds at \$56; 105 at \$36; 140 at \$36; 70 at \$36; 85 at \$40; 50 at \$42.

Bud Lowe sold 105 pounds at \$33; 70 at \$36; 105 at \$36; 90 at \$35; 80 at \$31; 55 at \$43.50; 75 at \$20.50; 55 at \$16.50.

It was well planned by the Normal school trustees to purchase the Gibson farm and thus add this very desirable tract to the already splendid campus and acreage of Eastern Normal. Eastern is growing constantly, and the addition of this land gives it ample room to expand to the south. It means bigger and better things yet for this splendid institution.

Drink Water If Kidneys Hurt

Take a tablespoonful of Salts if Back pains or Bladder bothers.

Too much meat may produce uric acid, says a well-known authority, who warns us to be constantly on guard against kidney trouble.

The kidneys do their utmost to free the blood of this irritating acid, but become weak from the overwork; they get sluggish; the eliminative tissues clog and thus the waste is retained in the blood to poison the entire system.

When your kidneys ache and feel like lumps of lead, and you have stitching pains in the back, or the urine is cloudy, full of sediment, or the bladder is irritable, obliging you to seek relief during the night; when you have severe headaches, nervous and dizzy spells, sleeplessness, acid stomach or rheumatism in bad weather, get from your pharmacist about four ounces of Jad Salts, take a tablespoonful in a glass of water before breakfast each morning, and in a few days your kidneys may act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys, to help neutralize the acids in urine so it is no longer a source of irritation, thus often ending urinary and bladder disorders.

Jad Salts is inexpensive and can not injure; makes a delightful effervescent lithia water drink, and nobody can make a mistake by taking a little occasionally to help to keep the kidneys clean and active. Drink plenty of water at all times.

SOCIAL and PERSONAL**Observe Harvest Day**

The Woman's Missionary Society of the First Methodist church will observe Harvest Day

Friday afternoon at 2 o'clock in the Sunday School room. Radio messages from all missionary fields in the world will feature the program and a large attendance is urged.

T. C. Blackwell, of Danville, is the guest of F. H. Gordon in Burnamwood.

Mr. and Mrs. Bosworth, of Carlisle, have taken rooms with Mrs. T. M. Wells in Second

Uncle Henry tells the folks more about his trip to Cincinnati:

Mary's told you about her birthday and Cousin Sue's illness, so there's nothing I can add there.

With Mary looking after things at the house, I've been kind of like a ship without a rudder. Don't seem to know what to do with myself.

Have been to every moving picture theater in the city and know just about what's going on in the line of building.

The other Saturday, I saw Cincinnati's navy burn up. It happened quite a piece back, but as I haven't written since then, thought I'd mention it. My those boats made a blaze. Kind of a fire—I've always wanted to see.

Coming back from the water front, I noticed that about every child I passed had a toy balloon. No, there wasn't any circus in town, just some more of Mabley's progressiveness. Every Saturday that's their way of giving the kiddies a treat.

Well, I thought I'd get some of those balloons to send along home to the children. Here they are.

It do beat all the way Mabley's put themselves out to be of service to people. The other day Cousin Sue asked me if I'd mind paying the gas bill. When I asked her where I'd take it, she said "Mabley's." Sure enough they have a department there to look after such a thing. This department is kept at their own expense and didn't cost me a cent more for the convenience.

While I was in the store, thought I might as well look around and get some Christmas ideas. I'd seen a sign somewhere about doing Christmas Shopping early, so decided to grab time by the forelock.

Saw any number of things that you all would like but didn't buy. I'd rather wait until Mary can come down with me. Women like to have a say in such things. You know how they are.

I found out one thing in looking around that you all might like to know about. Mabley's have Christmas Orders. When you can't think of anything to give someone you want to give to, just give them one of these orders. Send on your money, get a Christmas order for that amount, and the person you give it to can exchange it at the store for whatever they want. It's a great idea, saves a lot of wear and tear on the brain.

I'm playing nurse to-day so's Mary can run down street to buy a few things she needs. Kind of have a suspicion she's making tracks to Mabley's to lay in a Winter's supply of clothes. You know how it is. When you sit around, as she's been doing, you kind of get to thinking over what you have and what you haven't until you get a hankering to just get out and buy up some store. Mary's not buying up Mabley's but right about now, I'll wager she's putting a dent in it.

No doubt you'll get a letter all about clothes when she writes again.

*Yours Truly,**Henry.*

"CHICKEN PARADE"**Skin Ablaze
with Eczema**
Constant Itching Almost
Unbearable!

We know there is one thing that stops S. S. and that is more red-blood-cells! You can increase your red-blood-cells to the point where it is practically impossible for eczema to exist. We know that as

blood-cells increase in number, blood impurities vanish! We also know that night follows day. These are facts! But have you, eczema sufferers, ever actually taken S. S. and seen its wonderful results? Thousands just like you have never thought about it! Skin eruptions, eczema with all its fiery, skin-digging torture and its soul-tearing, unfeachable itching, pimples, blackheads and boils, they'll pack up and go when the tide of blood-cells begins to go up! S. S. builds them up—the millions of S. S. build them up—the million! It has been doing it since 1895! S. S. is one of the greatest blood-cell builders, blood-cleansers and body builders known to us mortals! When you put S. S. S. together, it is to continue to have eczema and skin eruptions looks more like a sin than a disease. Mrs. Arthur N. Smith, Pearl St., Newark, Ohio, writes:

"My little girl had a very bad case of eczema. She was taking S. S. S. and is well now. I thank you very much. I tell my friends what a good medicine it is. I cannot talk too much about it, for I know it is O. K."

It is your opportunity. S. S. contains only vegetable medicinal ingredients. Because S. S. S. does build red-blood-cells, it cures rheumatism, builds firm flesh, fills out hollow cheeks, beautifies the complexion, builds you up when you are rundown. S. S. S. is sold at all drug stores in two sizes. The larger size bottle is the more economical.

S.S. makes you feel like yourself again

of Miss Sara Buckner and Mrs. S. D. Goff.

Laura Raine, the little daughter of Mr. and Mrs. Overton Harber, is ill with measles.

Mrs. John W. Walker, of Irvine, was a patient in a local hospital the past few days and submitted to an operation for the removal of her tonsils.

Dr. O. O. Green, Mrs. Green and Miss Margaret and Richard Green will spend Thanksgiving in Lexington the guests of Mrs. Green's mother, Mrs. Richard Gelfken.

Broadway high and low life — gold-digging vamp and innocent girl from the country—all New York at its best and worst, I've in this gripping mystery melodrama.

J. A. Carter Plaintiff

vs.
James Munday &c. Defendants Pursuant to judgment and order of sale entered in the above styled action by the Madison circuit court at its October term 1922, the undersigned Commissioner will expose to public sale to the highest and best bidder at the court house door in Richmond, Ky., at the hour of eleven o'clock a. m., on

Monday, Dec. 4th, 1922

the same being a regular county court day, the following described property:

A tract or parcel of land near Mote in Madison county, Ky., joining the lands of Alex Baxter and others, described as follows: Beginning at a stone on the corner of Speed Clarke's land, thence S E to a stone on A. W. Creekmore's line 270 feet to a stone at new pike; thence with said pike 235 feet to the Clarke line; thence 515 feet to the beginning, containing two acres, more or less.

The above described land will be sold to make the following amounts to-wit:

Debt and interest of J. A. Carter \$255.05
Costs and allowances 46.40

Total sum of \$319.65

TERMS: Said land will be sold on a credit of six and twelve months, the purchaser being required to execute sale bonds with approved security, payable to the commissioner and bearing 6 per cent interest from day of sale until paid, with a lien retained on the land sold to secure the payment of said bonds and interest. The purchaser is given the privilege of paying the purchase price in cash if so desires.

Instant relief—no waiting. Your clogged nostril open right up; the air passages of your head clear and you can breathe freely. No more hawking, sniffling, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh disappears.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. Passes through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instant.

It's just fine. Don't stay stuffed-up with a cold or nasty catarrh.

**The Backbone of
The Old Reliable**

Of all the excellent thru-passenger trains operated by this Railroad between Cincinnati and Memphis, and Cincinnati and New Orleans, L. & N. No. 1 has been called "The Backbone of the Old Reliable."

Leaving Cincinnati at 6:15 P. M., Louisville at 10:10 P. M., (arriving at Memphis 8:45 A. M.) leaving Nashville 3:30 A. M., Birmingham 9:17 A. M., Montgomery 12:05 Noon, Mobile 5:22 P. M., and arriving at New Orleans at 9:45 P. M., this train makes the run from Cincinnati to New Orleans in 27 hours, 30 minutes.

Day in and day out, this train probably carries more people—sleeper, chair-car and day-coach passengers; than any other south-bound train operating south of Cincinnati and Chicago, and does one of the heaviest passenger businesses of any carrier in all America.

Most excellent dining-car service, on-time arrivals, and daylight rides thru beautiful country, have earned for L. & N. No. 1, a popularity enjoyed by few trains in all the world.

**IF SKIN BREAKS
OUT AND ITCHES
APPLY SULPHUR**

Just the moment you apply Menthol-Sulphur to an itching, burning or broken out skin, the itching stops and healing begins, says a noted skin specialist. This sulphur preparation, made into a pleasant cold cream, gives such a quick relief, even to fiery eczema, that nothing has ever been found to take its place.

Because of its germ-destroying properties, it quickly subdues the itching, cools the irritation and heals the eczema right up, leaving a clear, smooth skin in place of ugly eruptions, rash, pimples or roughness.

You do not have to wait for improvement. It quickly shows. You can get a little jar of Rowles Mentho-Sulphur at any drug store.

FOR RENT—Three unfurnished rooms and bath; on Main street. Call at Richmond Buick Company.
